Dear Pippa

PI SHURLOK – SPACE PLANNING

We would like to take this opportunity to say a well deserved THANK YOU to you and your company for the recent space planning undertaken at the Pi Shurlok offices in Pietermaritzburg.

The detailed workspace analysis and planning done by your company assisted us immensely with the smooth implementation of the move of two buildings into one, and allowed us to utilise our space far more efficiently than we had done in the past.

Whilst we started out the project to optimise space and efficiency, the result of your work exceeded all of our expectations and consequently has allowed us to sell one of the buildings contributing significantly to our bottom line. We chose to handle the move ourselves for various reasons, and looking back we believe that it would have been more beneficial to our company had we appointed you to do the full turnkey project and oversee the transition.

We are extremely pleased with the final results and would gladly recommend you to any company requiring your services.

We look forward to an ongoing relationship with you and your company and please know that you are welcome to visit us anytime.

Yours sincerely

Sean Rogers
Chief Operating Officer - SA
